

Classic 3-9 Health Cash Plan

Target Market Statement

Product Description

The Classic Health Cash Plan is a company paid long-term insurance product best suited to businesses with three to nine employees who are looking for an employee benefit to support their employees' everyday health and wellbeing. A cash plan allows employees to claim money back across a set number of benefits and levels covering healthcare costs such as dental, optical and physiotherapy alongside access to wellbeing services that can help address concerns such as mental health.

The business selects the level of cover that it wishes to pay on behalf of its employees with the option to add Private Medical Insurance Excess and Employee Assistance Programme modules to the plan. Employees can voluntarily choose from a range of four levels to increase cover on their plan. Cover within the plan can be extended to children at no additional cost and employee partners can be added at an additional premium cost (refer to eligibility below).

For the business itself, this plan also includes access to Occupational Health Helpline Support and Stress Intervention services.

Product Governance Process

Health Shield operate a robust proposition development process (PDP) for all products and significant product changes, with the following areas of accountability.

- Product Team engage with stakeholders throughout the process
- Decision gates for each stage of the Proposition Development Process (PDP)
- Established and regularly held Product Oversight Governance Steering Committee (POGSC) with Executive escalation path for key decision making and sign off.
- The Steering Committee is chaired by an Executive Team member.

Products are reviewed at regular intervals. Scheduling is based on several factors such as the size, scale, claims ratio, contractual duration and complexity of those insurance products, their respective distribution channels, complaints, and any relevant external factors such as changes to the applicable legal rules, technological developments, or changes to the market situation. Such reviews will be undertaken every 12 months or more frequently where the potential risk associated with the product makes it appropriate to do so.

Target Audience

Health Shield's Classic Health Cash Plan is designed to meet the needs of employers with three or more employees, who wish to offer their employees a company paid standard health cash

plan as an employee benefit, with a set number of benefits and levels allowing employees to top up their level of cover voluntarily.

Eligibility
